Experience

Private Money Lending Company **2025 - 2026**

(Lead Generation/Data Entry)

- Conducted market research to identify high-value lending opportunities
- Managed confidential financial information with discretion and accuracy
- Strengthened client relationships through consistent communication and personalized support

Dynamic Virtual Assistant Referral Services **2023 - 2025**

(Invoicing and Admin Tasks)

- Generated accurate and comprehensive financial reports to support strategic decision-making
- Monitored and tracked client expenses to maintain budgetary control and identify cost-saving opportunities
- Prepared, generated, and distributed invoices promptly to streamline cash flow
- Followed up on overdue accounts, improving collections and reducing outstanding balances

(Lead Generation)

- Proactively researched and identified potential clients across online platforms, databases, and social media channels
- Compiled and maintained accurate contact information to build a robust pipeline of qualified lead
- Applied industry-specific criteria to evaluate and qualify prospects within the real estate sector
- Designed and executed targeted outreach strategies, including cold emailing, LinkedIn prospecting, and engagement in Facebook groups

(Web and Graphic Design)

- Designed and implemented high-converting sales funnels and landing pages to drive lead generation and client acquisition
- Maintained and updated digital assets to ensure consistency, responsiveness, and modern design standards
- Created visually compelling and interactive graphic designs that elevated brand identity
